

# WEC DESIGN, MODELING, CONTROL, AND TESTING WORKSHOP

September 27th – 28th

The workshop will take place at the U.S. Navy's Maneuvering and Seakeeping (MASK) Basin at the Naval Surface Warfare Center-Carderock in Bethesda, Md. Researchers from Sandia will lead a two-day, hands-on course for engineers and students working in wave energy.

Advances in WEC  
Dynamics and  
Controls Video

Contact [rcoe@sandia.gov](mailto:rcoe@sandia.gov) for more information.

## WEC Design, Modeling, Control, and Testing Workshop Information Session:

Join us on June 6<sup>th</sup>, 9:30-10:15 am MT, for an information session to learn what to expect during the upcoming two-day in-person workshop, which will provide hands-on activities including test design, system identification, control design, and system co-design.
